

SANDWICH NEWSLETTER

Edition 2 December 2017

WELCOME TO THE DECEMBER EDITION OF THE SANDWICH TRIAL NEWSLETTER!!!

A Message from Bronagh

Thank you to everyone for the warm welcome we have received during the site visits. We are overwhelmed by the enthusiasm for SANDWICH. On behalf of the research team and the NICTU I wish you all a very happy Christmas.

The next SANDWICH Research Team Teleconference will be held on 10 January 2018 at 4.30pm. This is a great opportunity to ask any questions you may have to the Trial Team and CI. Please dial in using these details: **UK No: 0800 917 1950** **PIN: 21255225#**

MEET THE TEAM

Kevin Morris
Co-Applicant

Kevin is a consultant at Birmingham Children's Hospital, one of the SANDWICH sites, and has been involved in the set-up and design of the trial from its early days. Kevin has been involved in a lot of research in PICUs and his knowledge has been invaluable in the set-up of the trial. He has just received an Honorary Professorship from Birmingham University.

Pauline Bradley
Data Manager

Pauline is the data manager on the SANDWICH trial. She will be training everyone up on the electronic case report form in the next few weeks and will be on hand for any data entry queries you may have throughout the trial. With 14,000 patient's data to manage Pauline may well be the busiest person in the CTU once we're all underway!!

Ruth Holman
Clinical Trial Administrator

Ruth is the administrator for the SANDWICH Trial and will be in regular contact to make sure you have all the leaflets and supplies you need as well as making sure your paperwork is up to date and answering any questions you may have. She also looks after the Newsletter so if you have any SANDWICH related news please do send it through.
