Use this form to document any study training provided to members of the trial team by CTU staff, the PI or designee including protocol training. This form should be updated, as new staff, join the trial team, or if additional duties which require further training, have been delegated to members of the trial team. Standard operating procedure (SOP) training should be documented on the SOP Training Form.

¹ this person should also be listed on the delegation log (with the exception of CTU staff)

² if trial training was performed by CTU staff, the CI, PI or designee, then he/she should sign this log to certify this
