## FAQ

Have you seen the CLEAR FAQs list we've distributed to your site?

This addresses many common study-related queries, and was put together using great feedback from sites.

Topics include:

- Eligibility
- The baseline visit
- Spirometry
- The PARI nebuliser
- Device issues

We will update the list as the study progresses, so please get in touch if you have any questions!

Congratulations to the staff at **Princess Alexandra Hospital** who have recruited the **10<sup>th</sup>** patient of the study this month!

Thank-you for helping us to reach this important milestone!

## It's good to talk...

We have been in touch to organise a fortnightly TC with your site.

These 10-15 min calls focus on answering any study related queries that you may have encountered, and providing useful hints and tips for making patient visits run smoothly.

The Lead Applicant Judy, or research Physio Kathryn, will be available to provide clinical advice and share knowledge.

**Please let us know when you're available to talk!**
